Section 2: Early Development Programs

Mini-Volley (K – gr. 3; ages 5 – 9 years)

Mini-Volley is an activity-based approach to initiate children to the game of volleyball. It is a modified version of the traditional game that aims to introduce the game in a fun, interesting, and easy to implement manner.

Mini-Volley uses play experiences to help children learn the basic game tactics, technical skills, and rules. It is ideal for Grades K-3, but can also be used with older children or those with special needs.

For more information about the program or to schedule a Coaching Clinic for your club/community/school, contact Tom Ash at 306-780-9419 or tom@saskvolleyball.ca

Atomic Volleyball (gr. (3) 4 – 6 (7); ages 9 – 12 years)

Atomic Volleyball is a program designed for youth aged 9-12 years old, but can include younger or older athletes as their skills dictate. The program provides a foundation that enables youth to participate in community recreation and competitive club programs.

Atomic volleyball is designed as an 8 – 10 session program with each session being 1-1.5 hours in length. During the training sessions, athletes are taught fundamental skills (fore arm passing; overhead passing; serving; attacking; blocking). Included in each training session is game play using a 4 v.s. 4 format.

Atomic Volleyball stresses FUN, FAIRPLAY, and PARTICIPATION by increasing the number of ball contacts per player, creating longer and more successful rallies.

For more information about the program or to schedule a Coaching Clinic for your club/community/school, contact Tom Ash at 306-780-9419 or tom@saskvolleyball.ca

Girls & Women's Age Class Programs

13U Girls

LTAD Stage: Training to Train A

Principle Focus: Builds the "engine" and consolidates sports skills. Go to <http://www.vcdm.org/vision/view/12-14-training-to-train-a> for Volleyball Canada's LTAD recommendations for this age-group.

Guidelines

- a) Registered teams must play in a minimum of 2 tournaments, with one being an out of town tournament, in the category they are registered, to be eligible for Conexus Provincials. It is recommended that teams compete in no more than 7 competitions including Conexus Provincials.
- b) The Mikasa VUL500 Training Series will be the official competition ball for this age class.
- a) Coaches must start all players within a match. Volleyball Canada 'Fair Play' rules apply.
 - a. All players listed on the score sheet must start the first or second set.
 - b. **Substitutions are not permitted in the first or second set.** In the case of injury, an Exceptional Substitution may be made. The injured/ill player may not return to the same set but may return to play in subsequent sets.
 - c. Any lineup can be used at the start of the third set. Teams are strongly encouraged to distribute playing time among all players on the team. Substitution requests can only occur between a three-ball sequence.
 - d. Teams switch sides in the third set once a team reaches 8 points. If this occurs during a three-ball sequence then the switch will be made after the sequence is complete.

Tournament Structure

- a) For Sask Cup and Conexus Provincials at the 13U Women level, the Triple Ball format will be used for the competitions. See Sask Volleyball website for the Volleyball Canada rationale behind the Triple Ball format.
- b) There will be no specialization of positions, i. e., No switching to a different position from your service order. Whoever happens to be in position #3 (or position #2) in your service reception will be the designated setter for that rotation.

Seeding

In order to comply with the principles within the Long-Term Athlete Development (LTAD) Model, we will not be awarding points at any tournaments for athletes in the 13U age group.

"During competitions, athletes may plan to win and do their best, but the major focus of training is on learning basic volleyball skills and tactics and successfully applying those skills and tactics in competitive situations as opposed to actual competition success" (Volleyball For Life, 2006, pg.17)

For the Provincial Championships, a re-pool system will be in effect, as there will be no basis for seeding.

Triple Ball Overview

Triple Ball is the official competition format for all 13U age competitions. In Saskatchewan, Triple Ball will be played during Sask Cup #1 in the 14U age category when a 13U age category does not exist.

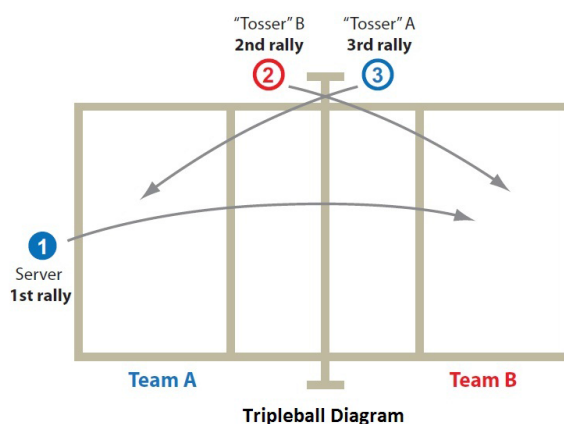

The **goals** of Triple Ball are to promote better skill development, participation, meaningful competition, and fun.

Standard Volleyball rules (6 on 6) apply with the following modifications:

Triple Ball Sequence:

- a) The game follows a sequence of **three** rallies (served ball, tossed ball 1, and tossed ball 2).
 - 1st rally – introduced by the server
 - 2nd rally – introduced by a tossed ball directed to the RECEIVING team
 - 3rd rally – introduced by a tossed ball directed to the SERVING team
- b) The service alternates between teams after EACH three-ball sequence. Each server only serves once before they rotate.
- c) A team must rotate and introduce a new server when it is their turn to serve.
- d) Each server only serves once, when it is their turn in the service rotation.

*Ball Retriever A

* Ball Retriever B

- * To improve the flow of the game, each team must provide a Ball retriever (NOT THE LINEPERSON) who collects the balls from the athletes.
- * At the end of each rally, athletes should be encouraged to quickly roll the ball to the Ball Retrievers to speed up the pace of the game.
- * The ball retrievers are expected to remain a safe distance from the court during play.

Rotation and Substitution:

Everyone gets to play. The following Fair Play substitution rules apply to Triple Ball:

- a) All players listed on the scoresheet (**maximum of 12**) MUST start in either the 1st or 2nd set.
- b) There is **NO specialization** for positions. Players switching to a different position from their service order during a rally is NOT ALLOWED.
- c) The coach must identify on the score sheet where the designated setter will be positioned. Either in Position 2 (right front) or Position 3 (middle front).
- d) All 3 sets are played – ROUND-ROBIN PLAY.
- e) Best 2 of 3 sets are played – PLAYOFF DETERMINING MATCHES, PLAYOFFS & PROVINCIAL CHAMPIONSHIPS.

- f) Substitutions **ONLY** occur in the event of an injury in the 1st and 2nd set.
- g) Any lineup can be used at the start of the 3rd set. Athletes who did not start the 3rd set **MAY** be substituted into the game at any time during the set, following a three-ball sequence.

Scoring:

- a) **Every** ball introduced (served or tossed) is worth one (1) point.
- b) The first two (2) sets in a match are played to 25 points, the third to 15 points.

Guidelines for Tossers: (*Changes for the 2017 season)

- a) * Tossers are positioned on the same side of the court as the Referee
- b) A coach, assistant coach or a competent volunteer can toss the ball to **their** team and can step into the court to do so. The tosser will immediately move off the court after the toss.
- c) * The tosser **MAY NOT** 'coach' (provide instruction/cheer/call timeouts/make substitutions) while in the role of the tosser. The tosser assumes a role similar to that of the lines people, that is, fulfill their responsibility as an interested observer.
- d) * The tosser **DOES NOT** converse with the Referee or the scorekeepers.
- e) Balls are tossed underhand, with two hands and little to no spin, above the height of the antennae to allow athletes time to play the ball.
- f) The ball will always be tossed directly to the athlete in **position six (6)**, otherwise a replay will occur.
Reminder: Position 6 is a **minimum** of **2m** behind the 'attack' line (also known as the 3m line)
The toss is a 'simulated' serve, NOT a free-ball.
- g) The ball will be tossed once the front row players are at the net (ready to transition) and all athletes have been verbally told that the ball is being introduced, "**Ball in!**".
 - Tossers encourage a fast paced transition between the end of a rally and the next toss. As soon as a rally ends and the ball is safely off of the court, the next toss should be initiated.
- h) Players must play the tossed ball with a **forearm pass**, otherwise a replay will occur.
- i) * If the first contact, after a toss/serve, goes over the net, it is considered a legal contact and the point will be played out. No re-serve or re-toss is required.

Time Out

- a) Requests for time-outs must be made **before** the introduction of a serve
